

## WOMEN'S CAMPAIGN TO COVER 28 STATES

200 Cities Will Be Visited by  
New Movement to Aid  
Hughes.

TRAIN STARTS OCTOBER 2

All Expenses to Be Paid by  
Fair Sex—Wilcox Gives  
Indorsement.

New York can American women be...  
The Women's Hughes Campaign...  
Train it is called, and it leaves New...  
October 2. Before it returns, Novem-...  
ber 1, it will have whirled through...  
twenty-eight States, and the orators...  
aboard will have disseminated G. O. P...  
arguments from the tail end of the train...  
in at least two hundred cities.

Women are financing the expedition...  
and women are making all the arrange-...  
ments, but the Republican National Com-...  
mittee is permitted to say "Bless you, our...  
girls," to the departing campaigners...  
Chairman Wilcox has given his official...  
indorsement in the following words:

Women throughout the country are...  
interested in showing that women's po-...  
litical activity is by no means wholly ex-...  
pressed in the cause of suffrage. This...  
train is not a suffrage train. It is a...  
practical expression of women's political...  
operation with men for the election of...  
Mr. Hughes in a national crisis.

Preparations to Receive Them.  
Although the plan was only announced...  
last week, telegrams and letters are pour-...  
ing in to the women's committee of the...  
National Hughes Alliance from all over...  
the country, telling of preparations made...  
in big cities and little towns alike to re-...  
ceive and entertain the campaigners.

From every State to be visited prearran-...  
gements have been made to respond to...  
the invitation, issued by Mrs. Mary Har-...  
rison Ramsey, Mrs. Harry Payne Whit-...  
ney and Mrs. Alice Roosevelt Longworth...  
to members of the train committee.

Some of the women on this committee...  
are: Mrs. Arthur Capper, Topeka, Kan.;...  
Mrs. George Sutherland, Salt Lake City...  
Utah; Mrs. Herbert C. Humphrey, Beau-...  
voir, N. Y.; Mrs. Thurston Ballard, Louis-...  
ville, Ky.; Miss Maud Wetmore, Newport, R. I.;...  
Mrs. Elsie Hearst, California; Mrs. Daniel...  
Guggenheim, New York; Mrs. George H...  
Partridge, Minneapolis, Minn.; Mrs. Wal-...  
ter Damrosch, New York; Mrs. Win-...  
dow Williams, Baltimore, Md.; Mrs. Je-...  
ssey Penrose, Colorado Springs, Colo.;...  
Mrs. Cornelius Vanderbilt and Mrs. Gil-...  
ford Pluchot, New York.

The roster of speakers who will travel...  
with the train and talk to the voters in-...  
cludes some of the foremost writers and...  
orators among women. Mrs. Raymond...  
Robins, wife of the Progressive leader of...  
change; Mrs. Maude Minor, well known...  
in prohibition work for girls; Miss Mary...  
H. Dreier of the Women's Trade Union...  
League; Miss Helen Todd and Miss...  
Frances Kellor are among them.

States to Be Visited.  
The States to be visited are Connecti-...  
cut, Massachusetts, New York, Ohio, Michigan, Illinois, Wisconsin, Minnesota, North Dakota, Montana, Washington, Oregon, California, Nevada, Arizona, Utah, Idaho, Wyoming, Colorado, Kansas, Missouri, Indiana, Kentucky, West Virginia, Pennsylvania, Maryland, Delaware and New Jersey.

In most of these States committees are...  
being formed to meet the train at the...  
boundary line with a wagon and a bur-...  
an and to see that the keys of the com-...  
monwealth are delivered to those on...  
board. A committee of ten women will...  
accompany the train to Minnesota's bound-...  
ary and as it pulls in to the St. Paul...  
station there will be a big demonstration.

Then the local Hughes Alliance will...  
entertain the visitors at luncheon, and...  
afterward there will be a meeting at the...  
St. Paul Hotel and an automobile parade...  
from St. Paul to Minneapolis. At...  
St. Paul, Minn., the biggest meeting of the...  
State occurs, with Gov. Burton at the...  
chairman and Chairman Thornton of the...  
Minnesota Republican committee an...  
speaker.

In Kansas, heads of organizations, club...  
presidents and societies of every kind...  
are working to make the largest and...  
most enthusiastic demonstration ever...  
held in Topeka, under the direction of...  
Mrs. Arthur Capper, wife of the Gov-...  
ernor.

Colorado's Plan.  
Colorado is going to have its biggest...  
women's political club ready to greet...  
the train. In Nevada Mrs. Herbert...  
Humphrey, wife of the Republican na-...  
tional committeeman of that name, is...  
organizing the hospitality plans and in...  
Utah Mrs. George Sutherland and others...  
are already advertising meetings.

To make the undertaking too...  
formidable men are to be asked to speak...  
at the local meetings along the route...  
and men will be asked to be per-...  
sented to run the engine, shovel coal and...  
act as porters on the special train.

This is not a suffrage train. The com-...  
mittee emphasizes this fact. In the...  
course of the announcement, "It is a...  
union of all suffragists and suffragists...  
Progressives—in fact, women of every...  
shade of belief—under the banner of Re-...  
publicanism with the object of electing...  
Hughes."

MRS. CORNELIUS VANDERBILT (above) and Mrs. Harry Payne Whitney, who head the committee on arrangements for the Women's Hughes Campaign Train. This train, manned by women spellbinders, financed and managed by women, will leave New York October 2 under the auspices of the Republican National Campaign Committee and tour twenty-eight States, stopping for meetings at the principal cities and returning to New York November 4.

## MURDER SUSPECTS' STORIES DOVETAIL

Inspector Faurot Says Con-  
fessions Confirm Version of  
Mrs. Nichols's Death.

Inspector Faurot of the detective bu-  
reau at Police Headquarters said yester-  
day that the confessions he had received...  
from Arthur Watson and Joseph Mul-  
holland fit exactly in the story of how...  
Mrs. Elizabeth Nichols came to be mur-  
dered in her home at 4 East Seventy-  
ninth street a year ago.

Watson, who was arrested in Michi-  
gan a few days ago and who jumped...  
from the train on which detectives were...  
bringing him back to New York, is still...  
in Bellevue Hospital. Harry Rosenthal...  
who is alleged to have received \$18,000...  
worth of the jewelry stolen from Mrs. Nichols, was arraigned in the Harlem...  
court yesterday and held for the Grand...  
Jury in \$5,000 bail.

Watson, Mulholland and a third man...  
for whom the police are searching, en-...  
tered Mrs. Nichols's home on the night...  
of the murder, said Inspector Faurot...  
and Mulholland was the one who placed...  
a revolver against her and demanded her...  
jewels. She fainted, when Wat-  
son and Mulholland tried to revive her...  
to find out where she kept other valu-  
ables they discovered she was dead.

AUTUMN and  
Winter Models  
are now ready for  
your inspection and  
approval.

We are prepared  
to accept your order  
for new Coats and  
Neckwear, or for  
the remodelling of  
your last Winter  
Coat or Furs into  
the correct styles  
for the coming  
season.

## KEEP CHILDREN OUT OF CITY, SAYS BANKS

Federal Health Officer Warns  
Against Their Return Be-  
fore October 1.

INSPECTION CONTINUES

Optimism of Local Authorities  
Not Shared by Government  
Surgeons.

The United States Public Health Ser-  
vice yesterday decided the infantile pa-  
ralysis epidemic in New York city was...  
still virulent enough to continue in-  
definitely the Federal inspection of in-  
terstate travel. This decision was an-  
nounced after a conference in Wash-  
ington between Surgeon-General Blue and...  
Dr. Charles E. Banks, senior surgeon.

One of the United States Government...  
staff on duty here said yesterday there...  
is a wide difference of opinion between...  
the Federal health officers and Dr. Haver...  
Emerson, the city's Health Commissioner...  
regarding the opening of the schools on...  
Monday of next week. Dr. Banks re-  
fused to comment on this phase, but...  
did assert his indorsement of the ac-  
tion of many New Jersey Boards of...  
Education in keeping the schools closed...  
until October.

There was a slight decrease in the...  
number of new cases in the city yester-  
day, which numbered forty-one. Thirteen...  
deaths were registered. The local health...  
authorities seem satisfied that the high...  
water mark has been long passed and...  
an announcement in a bulletin issued yester-  
day. This conclusion is based princi-  
pally on the figures for last week as...  
contrasted with the previous week, a de-  
crease of 194 new cases being shown.

The total number of cases to date is...  
6,732, and the total number of deaths...  
2,172.

Dr. Banks Disagrees.  
If the daily number of new cases...  
decreases this week at the same ratio...  
as in the last seven days the daily aver-  
age will fall to twenty-two by the time...  
the schools open, which is the figure...  
predicted by Dr. Emerson.

In a statement issued yesterday by...  
Dr. Banks, he cautions parents who...  
have children out of the city not to...  
bring them back until next month.

"The present average of thirty-six...  
new cases means more than 1,000 a...  
month," he says. "The public and health...  
officers of other States are requesting...  
a continuance of Federal inspection for...  
the present."

Deaths and new cases of infantile...  
paralysis reported by the Health De-  
partment yesterday follow:

**DEATHS.**  
Manhattan: David Maslin, 344 E. 10th street, aged 1; Carl R. Wadsworth, 254 E. 10th street, aged 1; John Smith, 100 E. 10th street, aged 1.  
Brooklyn: Ignatz Beckas, 40 E. 10th street, aged 1; Ignatz Beckas, 40 E. 10th street, aged 1; Ignatz Beckas, 40 E. 10th street, aged 1.

**NEW CASES.**  
Manhattan: David Maslin, 344 E. 10th street, aged 1; Carl R. Wadsworth, 254 E. 10th street, aged 1; John Smith, 100 E. 10th street, aged 1.  
Brooklyn: Ignatz Beckas, 40 E. 10th street, aged 1; Ignatz Beckas, 40 E. 10th street, aged 1; Ignatz Beckas, 40 E. 10th street, aged 1.

AMERICA'S LEADING RESTAURANT

**Rector's**  
Broadway at 46th St.

## "The Home of the Unusual"

There are definite reasons for the surpassing popularity of Rector's. Year after year it offers food that is the summit of perfection; the service is the last word in quiet excellence; the entertainment, most diverting; the music unusual, and the dancing incomparable.

In the New Futurist Ball Room—the Rector Special Dinner is served from 6 to 9, at \$1.50 per cover. This is the room where cubist art reigns—the room all New York is talking about!

On the main floor the service is a la carte. Andre's Musical Revue and Fashion Show presented during Dinner and Supper is superior to any entertainment in town.

Two symphony orchestras. Royal Honolulu Hawaiian Orchestra direct from Belasco's "Seven Chances." Phone Bryant 3200 for reservation.

## DEMAND FOR STEEL EXCEEDING SUPPLY

Shipments in September Thus  
Far More Satisfactory  
Than in August.

The steel mills are declared to be...  
concerned about inability to make...  
appreciable headway against the mass...  
of orders already on the books than in...  
obtaining new contracts, although ship-...  
ments in September thus far are more...  
satisfactory than in August.

Domestic consumers' needs for the...  
most part of next year are far from being...  
satisfied, and the foreign demand for...  
commercial forms would make up a large...  
additional tonnage if it could promise...  
shipments before July 1, 1917. Because...  
of this latter handicap fewer export or-...  
ders are now being placed.

Russia, however, continues negoti-

ating for 60,000 tons of barbed wire, and...  
the closing of contracts for 7,500 tons of...  
steel is imminent. Japan and Italy are...  
still urgently pressing for ship plates...  
in lots of 2,000 to 5,000 tons. England...  
wants semi-finished steel, scrap and low...  
phosphorus and basic pig iron. Holland...  
has taken 2,000 tons and Switzerland...  
2,000 tons of pig metal. Italy has taken...  
5,000 tons Bessemer iron and wants...  
more. Japan and Canada are negotiat-...  
ing for about 2,000 tons of steel shapes. Contracts...  
closed for enlargement to steel...  
plants require 5,200 tons of steel. Ex-...  
tensions to other manufacturing works...  
need 3,100 tons and bills are being sub-...  
mitted on 50,000 tons for other commer-...  
cial structures.

Recent sales of pig iron aggregat-...  
ed 170,000 tons, about two-thirds of the...  
being for steel-making grades for ship-...  
ment mainly over the first half of the...  
year. The great activity was in the...  
Pittsburg and Chicago districts.
